

LIFE JUST GOT EASIER WITH THE NEW AQUATEK APP!

Download the AQUATEK App and take control of your pool or spa from the palm of your hand, anytime, anywhere.

The Aquatek Controller uses your home WIFI to stay connected to your mobile device wherever you may be. It can control the sanitiser, heater, solar, most multicolour lights, water features, pool/spa valve actuators, jet pumps, blowers, single and many multi speed filter pumps.
